COMPANY OVERVIEW

Small, minority-owned federal prime contractor based in Celina, Texas. Contracting officers use Cresco when they need one accountable prime that sources the right manufacturer or subcontractor, prices the work firmly, and manages submittals, schedule and closeout until the Government accepts the work.

CORE CAPABILITIES

Equipment and supply

Brand-name or equal equipment, parts and materials from authorized distributors, plus DLA quotes via DIBBS.

Facilities repair and construction

Roofing, flooring, building automation and small construction through licensed local subs.

Environmental and remediation

Hazmat cleanup and asbestos abatement by certified crews, to EPA, OSHA and DOT rules.

Marine and field services

Marine engine and generator overhauls, emergency utility repair and field labor.
